

Janet Hauser

Janet works professionally as a freelance Botanical Artist and also as a Botanical Field Surveyor. She combines artistic skills with a broad knowledge of native flora and specializes in plant illustrations for environmental education and interpretative signage. Her artwork can be found on signage for N.P.W.S, O'Reilys Guest House, and Kawana Waters Developments.

Publications include:

- "Our Vanishing Heritage" Maroochy Shire Council
- "Rescuing Remnants" QLD Education Dept
- "Guide to the Common Plants of Beaudesert Shire"
- Field Guides for Brisbane Forest Park,
- And most recently a flora booklet for The Port of Brisbane Authority.

She is the author of a field guide to the South East QLD rainforest trees and shrubs entitled "Fragments of Green".

A recent project was illustrating the heritage plants of the Beaudesert Shire and recording their histories. This is now available as a book - "Grandfather grew Mangel-Wurzels". You can purchase this book directly from Janet at:
