

Robyn Graham

In 2001 I commenced my botanical illustration training at the Margaret Saul School of Botanical Art at the Mt Coot-tha Botanic Gardens, Brisbane. Earlier in life I had completed short courses in life drawing and print making through East Sydney Technical College, and some theatrical design training.

I enjoy working in pen and ink and watercolour and keep sketch journals during my adventures in the outdoors. I have provided sketches for signage at Mary Cairncross Scenic Reserve. My paintings can be found in the collections of a number of garden lovers in SE Queensland.

As a member of the Botanical Artists' Society of Queensland Inc. I hold the position of Publicity Officer in the Management Committee. I am also a member of the Noosa Botanical Art Group and the Collaboration of Maleny Artists (COMA).
